Happy Pongal / Makara Sankranti - 2023

Dear Tamil Arasan Velayutahm,

The festive season has begun for the year 2023 with the advent of the New Year followed by Makar Sankranti and Pongal. We extend our warm greetings to you all.

We are very happy to share with you some of the highlights of 2022. With your generosity and kindness, we have managed to expand our Early Intervention program to several other NGOs in India as well as an NGO in Ethiopia. See some of our new partners who are licensing our App and conducting the Early Intervention program in their rural areas.

Through these partnerships we are currently reaching out to about 6000 children in rural parts of India and Ethiopia. We have a dedicated team of professionals who are engaged in developing and expanding our EI services and we hope to reach our target to serve 100,000 children in 5 years. Talk on "Stroke and Blood pressure"

Sunday Jan 22nd, 2023 - 4 to 5 pm

Dr. Yegappan will be giving a very informative talk on Stroke and High Blood Pressure, with Q & A to follow. The following is a synopsis of topics that will be covered.

What is a stroke?

Stroke is a sudden loss of function of a portion of the brain due to either blockage of blood flow or rupture of a blood vessel. The former is called stroke and the latter is called bleeding stroke. This results in loss of function of part of the body.

- What are the risk factors?
- What happens in Stroke?
- What are the signs of stroke?
- How to prevent Stroke ?

All are welcome. Please email us at info@handicareintl.org or send us a WA to 647 853 4419, if you are interested, so we have a count of how many will attend as well as send you timely reminders.
