*"I enjoyed Everything!!! I have met so many amazing people, both staff and
children and people staying here. I have bonded with many of the people and
I enjoy the collective aspect of being here. ASSA is like a small village. It is a
society of its own. I enjoyed walking from building to building and saying hi
to everyone on the way. I would definitely recommend this placement
because it has done a lot for me both on a professional and personal level.
Every person will experience it differently, but regardless of how you
experience it, something positive is bound to come from it!" - Katrina -OT

Going forward, we are very excited to share with you many a success stories. I just returned from India, after 3 months, a majority of which was spent with children at [Amar Seva Sangam](#) and at [Maithri](#). It was heart warming stories all over..Students we had sponsored from a very young age of 4 or 5 are now independent young adults, working and earning their own living. Please visit our [success stories](#) section.

The 2 buildings we built and inaugurated in 2012 - 2013 are fully utilized by ASSA and our "Early Intervention Centre" is lauded as the model institution in the entire region and the state of Tamil Nadu. It has already been visited by top professionals in the field Activities are in full swing and we request you to take a look and be inspired to sponsor a young child.... [Please click here](#)
