Our last year's fundraiser was focused on raising funds to build an additional [School Building](#) and an "[Early Intervention Centre](#)" for children born with developmental issues, such as Cerebral palsy, Autism, Downs syndrome and the like. The early intervention rehab is provided to rural poor children from age 0 to 5, free of charge at [Amar Seva Sangam](#) in India, by well trained and qualified professionals.

This year, your donations will be used to:

1. Sponsoring as many of the 200 or so children enrolled in the program.
2. Enable hiring of additional qualified therapists to offer rehab therapies.
3. Purchase adaptive equipments to enable quality therapy.
4. Training parents to give adequate home based therapy with suitable equipments.
